March 10, 2026

Dear Friends,

As we look back on 2025, I am filled with gratitude — gratitude for our dedicated team, our partners, and our supporters who make this work possible. I am equally grateful for the communities who trust EyeCare4Kids with something as precious as their vision.

This year has been one of meaningful growth and deepened impact. Together, we expanded access to high-quality vision care for underserved children and adults who otherwise would have gone without. Through our school-based clinics, community partnerships, and mobile units, we met individuals where they are — removing barriers, restoring sight, and opening doors to learning, employment, confidence, and opportunity.

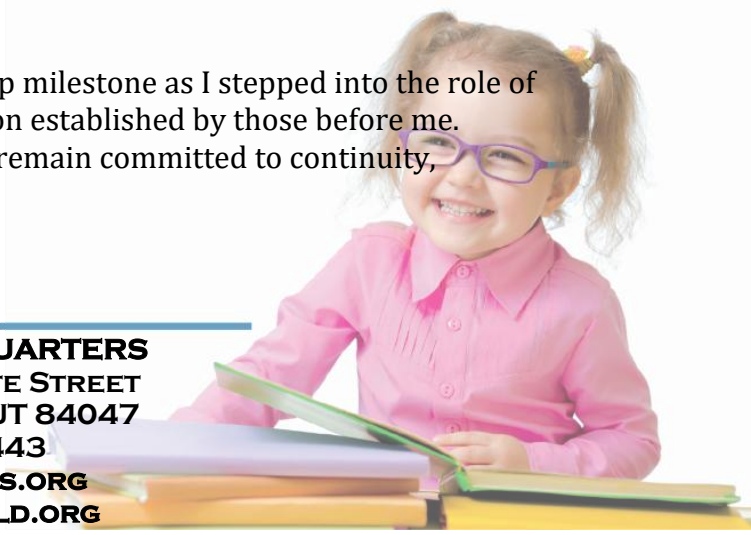

In 2025, EyeCare4Kids provided more than **112,000** vision care services across our regions:

- **Utah:** 41,981 services provided, supported by expanded mobile clinic operations in Washington and Millard counties.
- **Nevada:** 37,575 services, bolstered by visibility through the Downtown Summerlin Giving Machines.
- **Arizona:** 3,678 services, reflecting growing partnerships and community support.
- **International:** 50,526 frames distributed, plus 4,109 services in Kenya and 25,623 in South Africa — where our network of partners expanded significantly.

These numbers represent far more than statistics — they represent students who can finally see clearly at school, adults who can return to work, families relieved of financial burden, and communities strengthened through access to care.

Throughout 2025, we also strengthened partnerships with school districts, community organizations, universities, and healthcare providers. These relationships allow us to serve more individuals while investing in the future of the vision care workforce. We made key operational refinements across our clinics, ensuring consistent, high-quality care for every person we serve.

This past year also marked an important leadership milestone as I stepped into the role of CEO. I am honored to build on the strong foundation established by those before me. Together with our board and leadership team, we remain committed to continuity,

transparency, financial stewardship, and long-term sustainability so that EyeCare4Kids can continue serving communities for generations to come.

As demand for our services continues to grow — particularly among families facing economic uncertainty — your support plays a critical role in ensuring that children and adults do not have to wait for the vision care they need. We have the donated product, the infrastructure, and the partnerships to serve more people than ever before; what accelerates impact is **unrestricted support** that allows us to convert these resources into timely care.

Most importantly, none of this work happens in isolation. It happens because of **you** — our donors, volunteers, partners, advocates, and staff — who believe that clear vision should never be a privilege, but a right. Your generosity enables us to meet urgent needs today while investing in systems and partnerships that will sustain and expand our impact in the years ahead.

If you feel inspired by this work, I invite you to consider making a gift to EyeCare4Kids. Your support today ensures that underserved children and adults receive the eye exams, glasses, and essential vision care they need — opening doors to learning, employment, safety, and opportunity. **Every gift, at any level, makes a meaningful and immediate difference.**

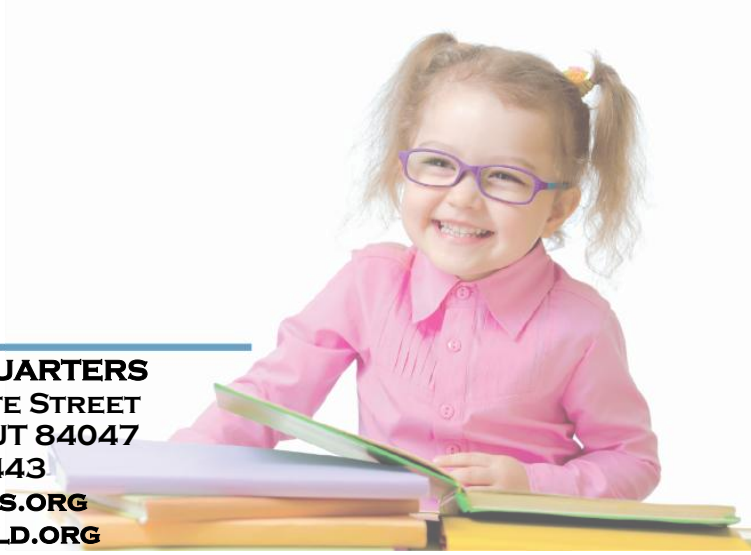

As we move forward into 2026, we do so with clarity, confidence, and excitement. The need remains great, but so does the opportunity to change lives — one child, one adult, one pair of glasses, and one clear view at a time.

Thank you for being an essential part of the EyeCare4Kids family and for making 2025 a year of purpose, progress, and profound impact.

With gratitude,

Maggie Cline
